Who we are

Camuchi Advertising is a corporate communications agency established in 2010. Our aim is not only to meet but to surpass our client's branding, signage and advertising needs. The client, who encompasses both corporate and government arms, the civic society, social clubs and schools, is key in all of our operations. It is our goal to translate all our clients needs into visible tangible results through our creative and production input that can be compared to no other.

Camuchi Advertising

At Camuchi we believe the strength of any organisation lies in its human resource content and it is for this reason that we have put on the fore front people that are not only academically qualified but also highly committed and goal oriented. We have an impressive and diverse range of skills that will make any project a success

Mission Statement

At Camuchi our job is branding, signage and advertising, and our thrust is to be result oriented. Branding should produce results and that is the reason why we have placed it upon ourselves to approach everyday like it will be our defining moment. We specialize in branding and signage production that helps organisations communicate with their stakeholders within the private and public sphere.

We are aware that communication works two ways, we don't just talk; we also take the time to listen to our clients because that is how we form strong relationships.

Vision

To be the most revered creative branding hub, not only in Zimbabwe but also beyond borders.

To be the idea-factory, the home of powerful and original ideas.

To maintain a financially strong, growth-oriented company for the protection of stakeholders.

Core Values

Our values are at the heart of everything we do. We are driven by integrity, honesty and decorum.

We believe that if you do not stand for something, you will fall for anything.
